# **HUMMER**<sup>®</sup> Driving Academy

Dear xoxoxo,

Life off-road was never going to be the cleanest path to follow, but what is life if it's not for breaking the rules every now and then? There's no shame in getting dirty, and enjoying it.

At the Hummer Academy this summer, we'll take you off-road and into a slightly more rugged world, with an action-packed experience to remember. We'll teach you all you need to know to make the most of your Hummer, including vehicle recovery, navigation with GPS, basic desert survival skills and first aid, not to mention how to negotiate camel humps, reef climbing, deep water obstacles, drastic drops and up to 85 percent inclines and descents.

Dining and transportation to and from the Hummer Academy, Bahrain is provided and top class accommodation is yours to enjoy throughout the course, should you need it. You'll probably jump at the chance. Trust us, you'll be needing a nice shower. Visit [HummerArabia.com](http://HummerArabia.com) or call 17 45 0000 for more information. Make the most of your Hummer this summer.

Signed: YOUR INSTRUCTOR
